

# THE SOUTH LONDON MAGIC SOCIETY

**Jan 2015**

**What we got for Christmas**

**January meeting.**

**Gary opened the meeting, wishing all members a Happy New Year. He said he plans to write a programme for 2015 which you should have received by now. We will be having a Close up club meeting from 7.00-7.45 each month prior to the main meeting. This will be an opportunity to jam, share ideas, ask questions, solve problems and give each other feedback for new ideas.**

**The February meeting will be a Dealer Dem from Dave Bonsall from Propdog.**

**The March meeting will be a balloon lecture by Ine Dries.**

**Gary showed a selection of Chinese silk purses recommending them as a cheap but attractive container for small effects.**

**There was some discussion about choice of lectures and Gary explained that he tries to arrange lectures to suit all interests.**

**The theme for the evening was "what I got for Christmas"**

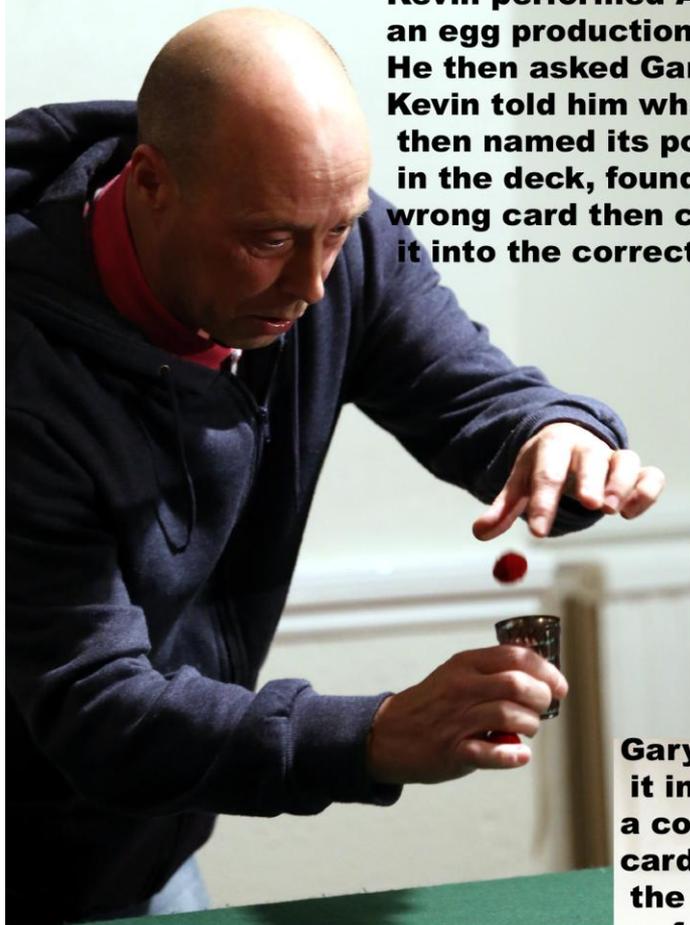

**Gary asked Jane to help he asked Jane to choose one of five containers from a bag, to remove the paper from it and write on it before returning it to the container and replacing it in the bag.**

**He then correctly identified the container. He then showed four Chinese coins, repeatedly took one away but still had four.**

**Kevin performed Ann's then explained the chop cup, ending with an egg production. He then asked Gary to pick a card. Kevin told him what it was then named its position in the deck, found the wrong card then changed it into the correct card.**

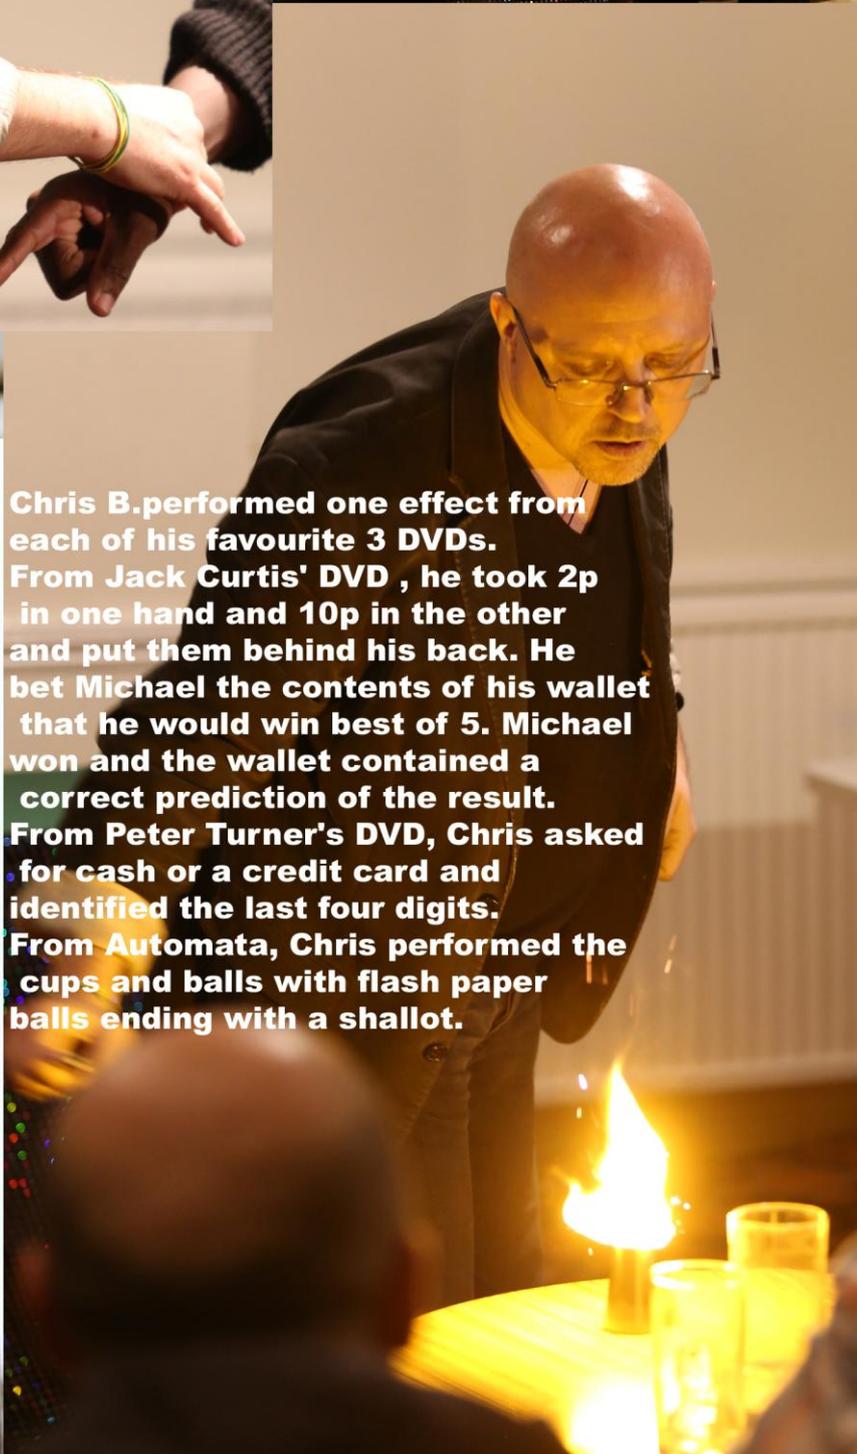

**Gary asked Lisa to pick a card and replace it in the deck. He promised her a prize or a consolation prize. He failed to find the card so gave her a rose as a consolation prize the top of which unfolded into a queen of Hearts silk.**

**Chris B. performed one effect from each of his favourite 3 DVDs. From Jack Curtis' DVD , he took 2p in one hand and 10p in the other and put them behind his back. He bet Michael the contents of his wallet that he would win best of 5. Michael won and the wallet contained a correct prediction of the result. From Peter Turner's DVD, Chris asked for cash or a credit card and identified the last four digits. From Automata, Chris performed the cups and balls with flash paper balls ending with a shallot.**

**Rob performed ring and rope as taught to him many years ago by Pearse.**

**Stuart asked Jane to help pull off four piles of ten cards, the top card in each pile was 10.**
